Organizational Organogram >

Management Experience and Technical Ability >

Worldwide Aluminium and Glass CC has been able to establish itself as one of the fast growing entity in the country's aluminium windows fabricating industry partly because of the sound management principles the company has followed throughout its development. Apart from the projects that we have completed, detailed planning and expert know-how goes into the management of the company itself. The director and the management team are well conversant with good corporate management, experienced and have a thoroughly understanding of the issues involved for the smooth and successful running of a company. Our manufacturing and production team consists of over 25 years combined experience in aluminium windows making and installations.

We know the value of your money; thus our quality is always assured

Mr Phillipus Shitumbapo is the founding and Managing Member of Worldwide Aluminium and Glass CC. He has vast experience in aluminium manufacturing, design and installations.

Mr. Phillipus Shitumbapo is a holder of a Bachelor's Degree in Information Technology from the Namibia University of Science and Technology (NUST).

He is holder of a Microsoft Certified Technology Specialist Certificate from Microsoft IT Academy (USA).

He is in charge of the overall operations of the Company and developing strategic operating plans that reflect the longer-term objectives and priorities established by the Company policy.
